A SHARED

The Englewood Hospital and Medical Center

Foundation Leadership Society recognizes individuals for their exemplary philanthropic support of the Medical Center. As key investors, Leadership Society members play a pivotal role in the growth and continued success of Englewood Hospital and Medical Center. Funds generated through the Leadership Society support direct patient care, clinical programs, facilities and technology.

Their reward: enjoying a closer connection to EHMC while witnessing the results and impact of their giving.

VISION

for clinical excellence

From the President's Desk

Leadership Society members share a deep connection with the physicians, nurses and clinicians of Englewood Hospital and Medical Center: the will and determination to improve the health and well-being of our community. This far-reaching commitment has brought EHMC to the forefront of humanistic care.

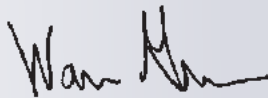

Together, we raised millions of dollars to champion quality patient care, introduce essential new programs and modernize facilities and technology. Your commitment and forward-thinking investments have fueled EHMC's strength and financial security over the past decade, helping us to profoundly impact the lives of countless patients and their families.

You are true leaders, and as the circle of care sparked by your generosity expands, we no longer look to that which is merely possible, but to the certainty of outstanding growth in the future.

Join us!

With warm regards,

Warren Geller
President and CEO
